REUB-MATTHEWS.

John Reub and Miss Blanche Matthews Married.

Last evening about 8:30 o'clock, at the home of Mrs. E. C. Whitson, North Second street, occurred the wedding of John Reub to Miss Blanche Matthews. The bride is an attractive young lady who came to Albuquerque several months ago from Sedalia, Mo. The groom is a well known Santa Fe Pacific engineer, who has been with the Santa Fe the past ten years, and has a host of friends among the railroad boys, who will extend the gentleman hearty congratulations.

Only the immediate friends of the bride and groom were invited to attend. A pretty ring service was performed by Justice William Borchert.

After the ceremony, those present were ushered into the dining room, where a sumptuous supper was partaken of. The happy couple received many rich and useful gifts.

Later in the evening the shop boys arrived and proceeded to chivari the newly married couple and they also were banqueted in a royal manner, which is so much in evidence with Mr. Reub.

NOT SO BAD AS PAINTED.

Greenwood Was Not Slugged by the Two Men Under Arrest.

The Citizen's article yesterday afternoon, regarding the fracas in which O. E. Greenwood was the central figure, makes it appear that Greenwood was not so much in the line of the two men who had him in tow early on Sunday morning and whose intentions were to rob the man. Greenwood says he was not struck in the face and his lip cut. He says the men grabbed him, and when he designed their purpose—that of robbery—he commenced yelling for dear life, and the men "skedaddled" down the alley at a lively pace. The gash on Greenwood's lip

was caused by an operation which was performed at the local railway hospital Sunday afternoon and not by the fists of either Ritter or Dillard, who are under arrest and who will be tried Saturday morning before Justice Crawford for the attempted hold up. As far as the men were concerned it was a bloodless affair, but the yelling of "Help! Help!" by Greenwood started the neighborhood, where the affair took place and made the residents thereabouts think that another awful crime was being enacted in that section of the city.

Pleasant Evening.

The cool green lawn in front of J. W. Anderson's residence at 409 West Lead avenue, was a pretty scene last evening. Mr. Anderson is teacher of the Bible class at the Lead Avenue Methodist Sunday school, and invited the members of his class to his home to spend the evening. The lawn was brilliantly lighted by lanterns swinging from the trees, under which refreshments of ice cream and cake were served on tables. Music, both vocal and instrumental, was the feature of the evening.

MISS YUNKER.

She Met Her Father Yesterday for the First Time in Twenty-four Years.

P. N. Yunker, proprietor of the Windsor hotel of Socorro, came up from that place yesterday to meet a daughter, whom he had not seen for twenty-four years.

"It has just been twenty-four years since I left North Schlesweg, Germany, to come to America," said Mr. Yunker, to a Citizen reporter last night. "I left a wife and a 6-months-old baby girl at the old home to come to this country and make a new home. Before I was able to send them means with which to come to me, the mother died and the baby was left in Germany with relatives. As years passed by I gradually drifted west, until I landed at Socorro, and there I have since lived. About the first of the year I wrote my daughter, now a woman, to come to me and on July 27, of this year, she landed at New York. She came direct across the continent and stopped here with my sister, Mrs. August Schwalbe, on Pacific avenue. We will go to my home at Socorro, tonight."

Mr. Yunker is well known over the territory on account of his connection with one of the most substantial hotels in the southwest. He also owns a fine fruit farm in the Rio Grande valley.

On being asked to express an opinion on the piece of ground, which they took up near the springs a few months ago, which also had been taken up by Messrs. Horton Moore and Thos. Donahoe, Prof. Tight said the courts will be called upon to settle the question who is entitled to the land. Prof. Tight said he did not care for the notoriety usually caused by land contests, and would not now talk, leaving the entire matter to be settled by the courts.

Selling Wine to Indians.

United States Marshal Foraker and his deputy, Fred Fornoff, came out from Albuquerque on Monday and stopped over until Tuesday noon, says the Gallup Republican. While there Mrs. P. Delarante, of Gibson, was put under \$250 bonds for her appearance at the United States court in Albuquerque next month on a charge of selling wine to Indians. Three Indians were held in jail until court in default of bonds required of them as witnesses. The Indians will receive \$1 per day and board while in jail. Some other alleged violations of the law were looked up, but up to the present time no arrests have been made.

FAIR NOTES.

A Ferris wheel will be one of the attractions of the fair. A wheel which has been doing a six months' stand at Electric park in Kansas City, Mo., will be brought here. Benjamin & Keller, owners of the wheel, have signed a contract to that effect.

J. H. McDermid, a prominent mining and stock broker of Colorado Springs, and the owner of Susie R, the little black mare that won the free-for-all trotting race here last year, writes the secretary of the fair association that he will be here again this fall and that two cars of horses will come from the Colorado Springs stables.

The Santa Fe railroad officials have agreed to make a concession in freight and passenger rates, but just what they are to be is not yet known.

THE CARE OF THE EYE

Many suffer from headache and nervousness that do not suspect the cause. The nerves that control the eye have a direct connection with the most vital parts of the human system. Continual strain on these nerves keep them in such a weakened condition that they have to call on the force of the other nerves to keep them supplied. In that way the strain is carried to all the nerves and will in time exhaust them all. Properly fitted glasses will release the strain and give the system a chance to build up.
